Clip the allowance

Full guide

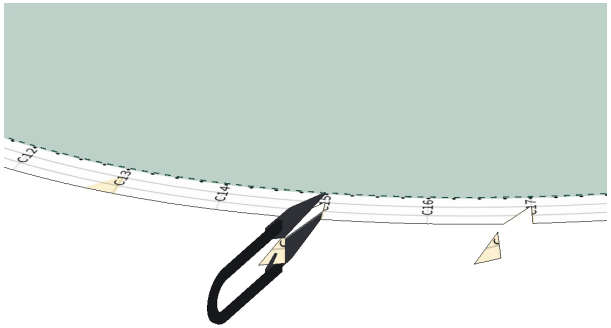

Concave edges

Step help

Bucket hat brim: snip the marked inward curve. Stop at each marked tip, before the stitches.

Convex edges

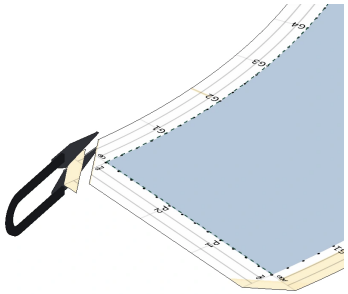

Step help

Knot bag body: remove the marked cream wedges along the outward curve. Keep the stitches intact.

Clip the allowance

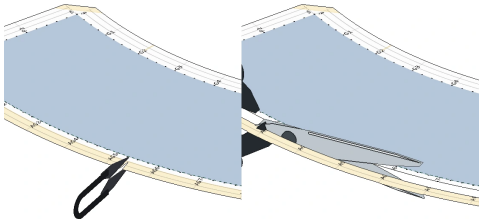

Corners

Step help

After machine stitching both sides, cut away the marked corner bulk. Leave the stitches intact.

Trim a strip

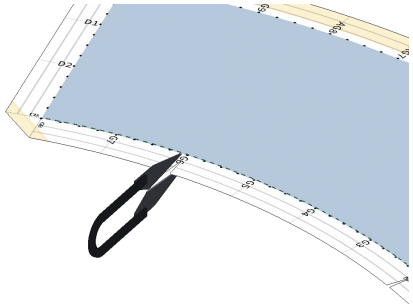

Step help

After machine stitching, trim the cream band to the 1/8-inch guide. For ladder stitch openings, trim before stitching.

Clip the allowance · Tips

Tips 1

Step help

Cut only the marked allowance, keeping clear of the stitch line. Trim before ladder stitching; make the other cuts after machine stitching.
