Finish at the machine

Full guide

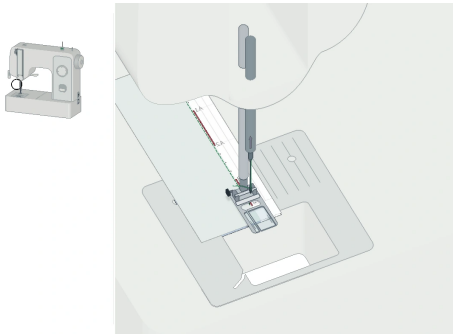

1 Turn the handwheel

Step help

Find the handwheel on the right side. Turn its top toward you to raise the needle.

2 Raise the needle

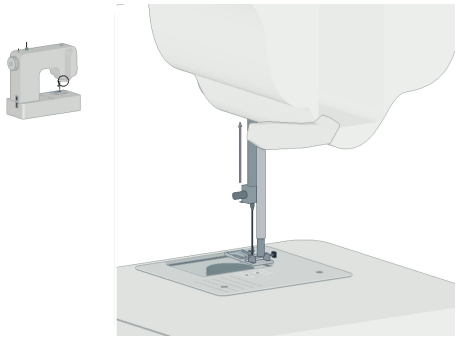

Step help

Stop turning when the needle is fully raised and clear of the fabric.

Finish at the machine

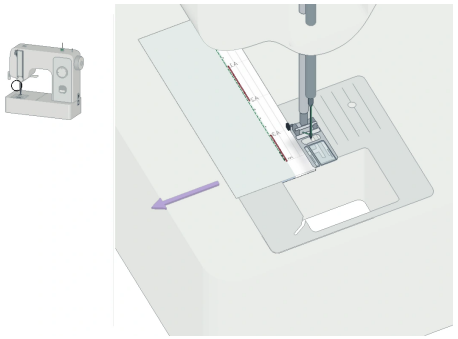

3 Raise the foot

Step help

Lift the presser foot.

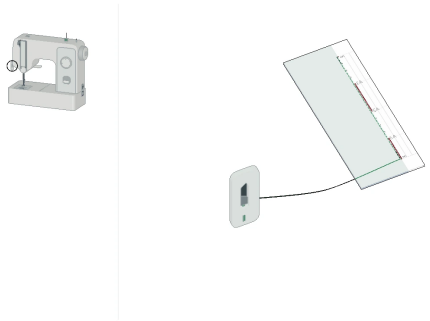

4 Remove the fabric

Step help

Gently pull the pieces and 2 attached threads a few inches out from under the machine.

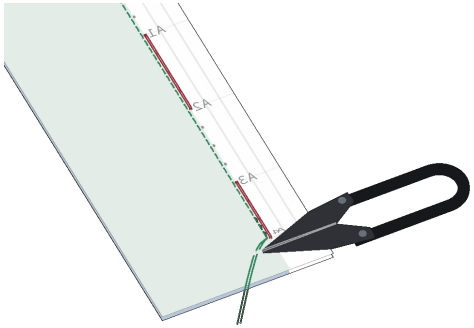

5 Cut the threads

Step help

Bring both thread tails to the cutter on the left side of the machine and pull them into its cutting slot. Leave 4-6 inches of thread on the machine.

6 Trim the tails

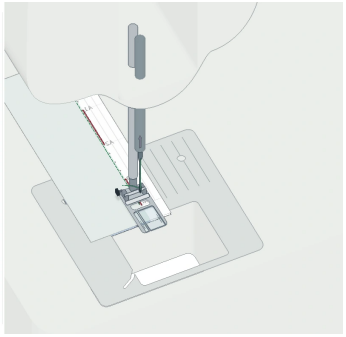

Step help

Use clippers to trim the threads on your piece so they do not tangle while sewing future seams.
