Stitch the seam

Full guide

1 Sew forward

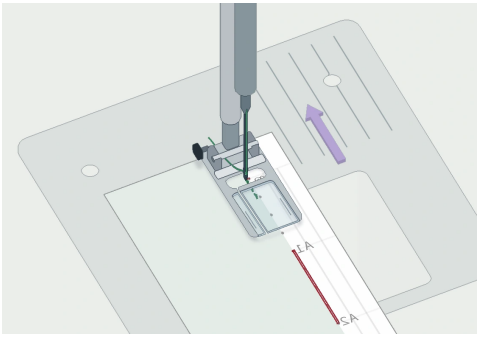

Step help

With the needle set on the traced line, stitch forward 2–3 stitches.

2 Reverse to the start

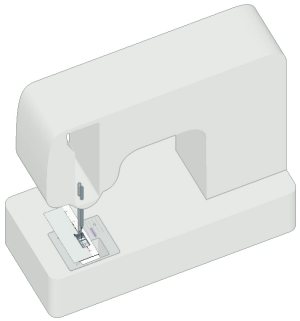

Step help

Stitch in reverse back to the start point. This is your starting backtack.

Stitch the seam

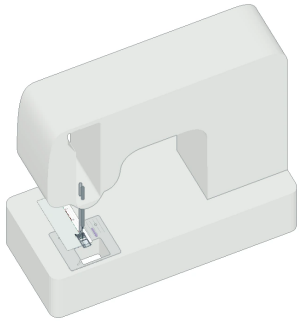

3 Sew along the line

Step help

Stitch forward along the traced line, keeping your needle just to the left of the basting stitches.

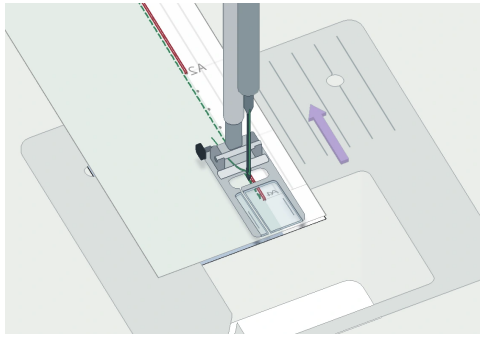

4 Stop at the end

Step help

As you approach the end, slow down and stop with the needle on the line at the final dot.

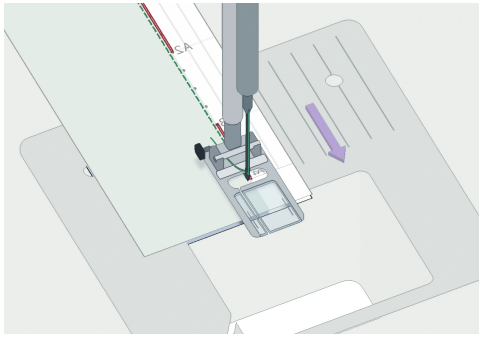

5 Reverse a few stitches

Step help

Stitch in reverse for 2-3 stitches to backtack.

6 Return to the end

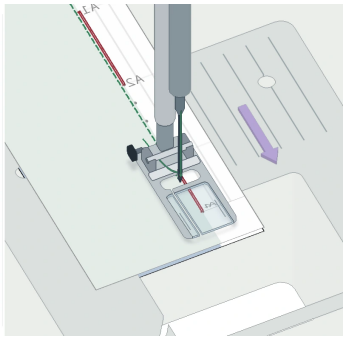

Step help

Stitch forward again until you are back to the end of the path.

Stitch the seam · Tips

1 Tips 1

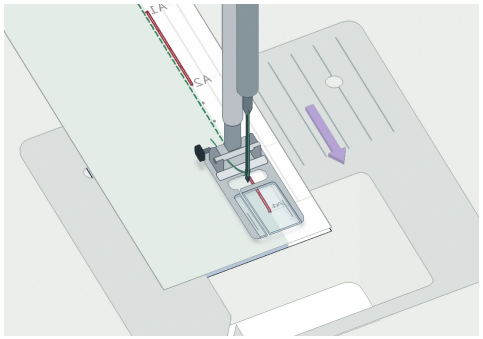

Step help

Slow down near the end to keep the backtack straight.

2 Tips 2

Step help

Monitor your needle closely to make sure that it is always stitching through 2 layers of fabric. Pinching is common in curved seams.
