Press the seam

Full guide

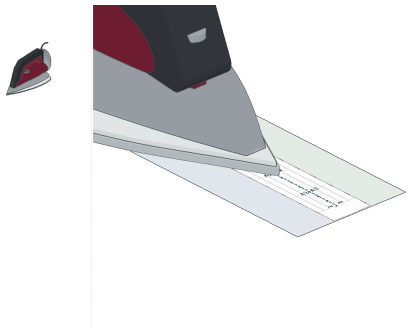

1 Wrong side up

Step help

Lay the pieces flat with the seam facing up on the wrong side.

2 Press allowances open

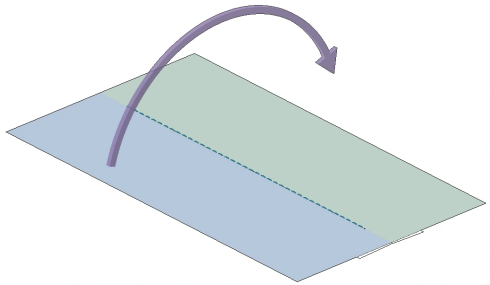

Step help

Use the iron to press the seam allowances open, working along the full length of the seam. Use steam.

Press the seam

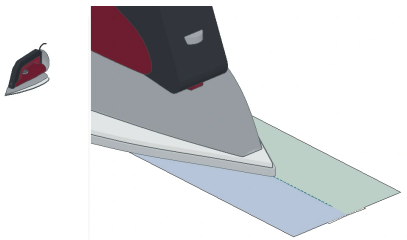

3 Turn right side up

Step help

Flip the piece so that the right side faces up.

4 Press the right side

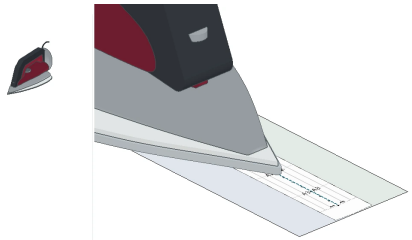

Step help

Press along the crevice of the seam, using steam.

Press the seam · Tips

1 Tips 1

Step help

Do not slide your iron across your seam. Simply press, steam, lift, and then press the next segment.
