Full guide

1 Turn right side out

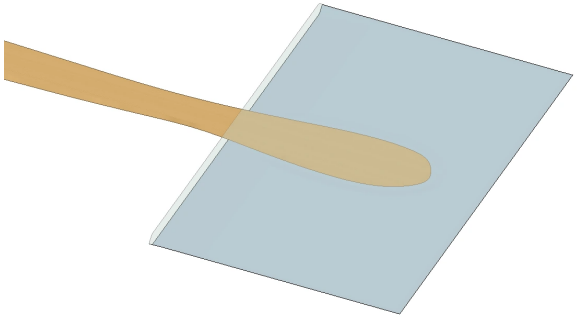

Step help

Stitch, then clip or trim only where marked. Turn the piece right side out.

Score and crease edges · Choose one: Straight edges Finish

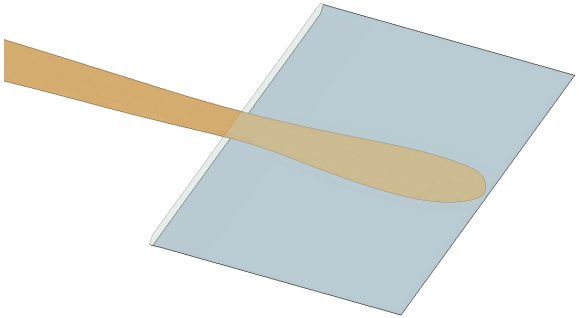

1 Slide inside

Step help

Slide the rounded blade between the two layers.

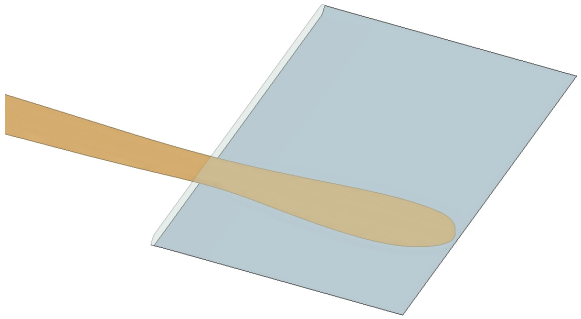

2 Ease out the seam

Step help

Press the blunt edge against the seam from inside.

3 Work along the edge

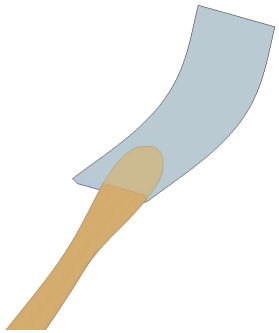

Step help

Move a short distance at a time; keep the seam at the fold.

Score and crease edges · Choose one: Bag handles Finish

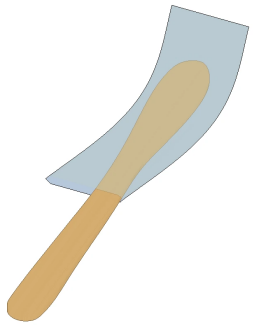

1 Enter the handle

Step help

Slide the narrow end into the handle opening.

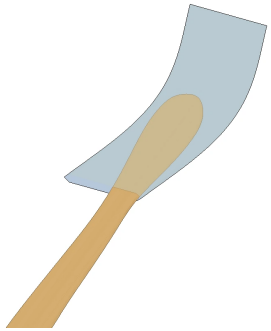

2 Support the edge

Step help

Keep the blade inside the tube and gently ease the seam outward.

3 Work along the handle

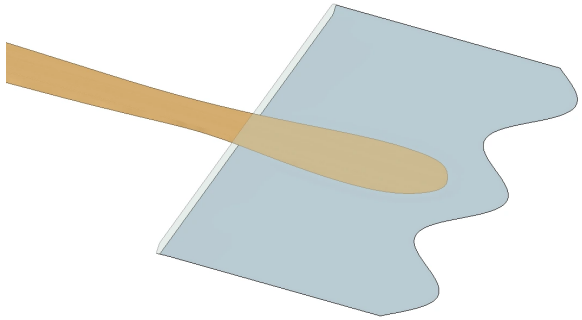

Step help

Advance a little at a time. Support the cloth without stretching it.

Score and crease edges · Choose one: Scallops □ Finish

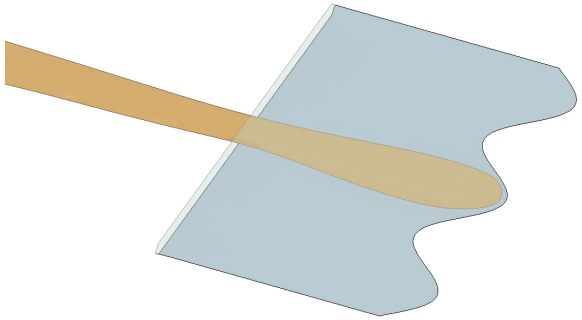

1 Slide behind the curve

Step help

Insert the rounded blade behind one scallop.

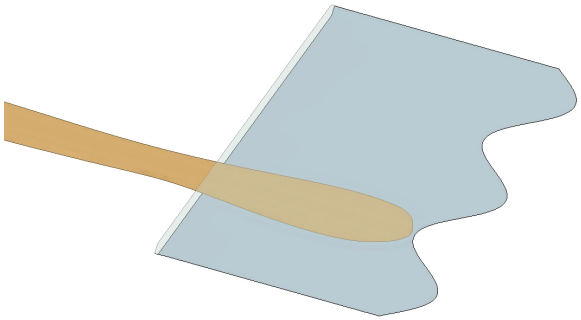

2 Ease out the lobe

Step help

Press outward against the rounded seam from inside.

3 Settle the valley

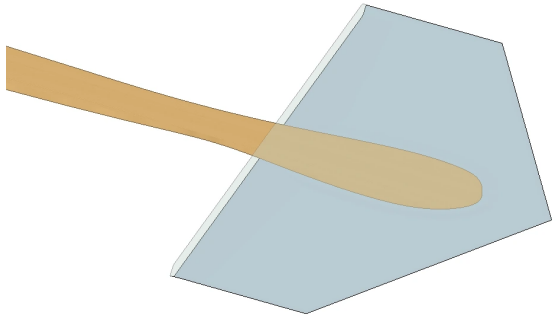

Step help

Reposition the blade into the next valley. Do not force it through the cloth.

Score and crease edges · Choose one: Corners Finish

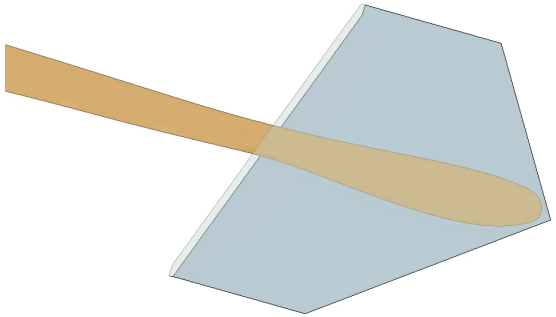

1 Slide toward the corner

Step help

Guide the blunt tip between the layers toward the corner.

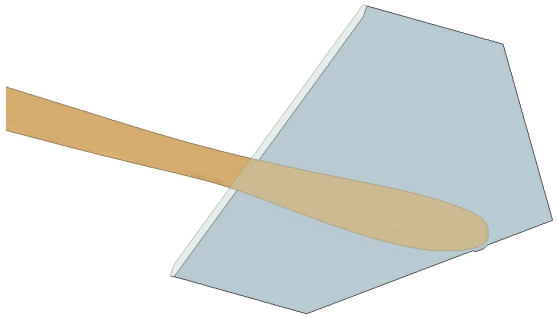

2 Ease out the corner

Step help

Press gently against the stitched point; stop when it is fully out.

3 Work back along the sides

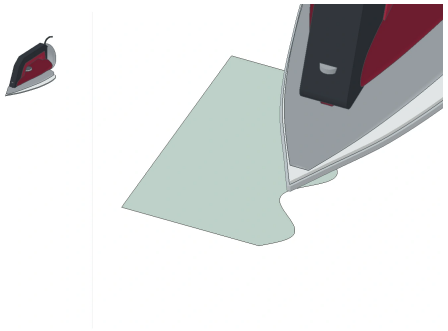

Step help

Reposition along each adjoining edge to smooth the seam.

Score and crease edges · Finish

1 Roll, press, cool

Step help

Roll the seam to the very edge. Press, lift, and let it cool. Keep any turning opening free until it is closed.
